

# Construction Contract Forecast Information

**Project Location** Los Angeles, CA

**Project Title** Columbaria Expansion & Cemetery Improvements

**Project Number** 898-032

**Estimated Price Range** Between \$10M and \$20M

**Contracting Officer e-mail** Robert.Capers2@va.gov

## Project Description

Project will develop the first phase of columbarium expansion on land newly acquired from the VA Medical Center, which is adjacent to the existing cemetery. This project will develop approximately 15 acres for approximately 10,000 columbarium niches. This project will also accomplish infrastructure improvements to the existing Cemetery as identified in the Study on Improvements to Veterans Cemeteries. Other elements to be addressed in this project include: Demolition of existing buildings and utilities; memorial wall(s); Entrance Wall complex, Improvements to existing Chapel building; Fountain area improvements, Security improvements, Access Roads, Grading, Drainage, and Planting, Irrigation System expansion, Signage and Site Furnishings, and Global Positioning System (GPS) Site Integration.
