

Construction Contract Forecast Information

Project Location Palo Alto, CA

Project Title Parking Structure No 2,
Radiology Consolidation,
Site Utilities II

Project Number 640-424

Estimated Price Range More than \$100M

Contracting Officer e-mail Katherine.Volpe@va.gov

Project Description

Parking Structure No 2: Construct a multi-story, approximately 265,000 sf parking structure and all associated site demolition, preparation, improvements, and utilities.

Radiology Consolidation: Renovate approximately 13,000 sf in the existing building; construct a 2 story +/- 34,000 sf Radiology Expansion, and perform all associated site demolition, preparation, improvements, and utilities.

Site Utilities II: Demolition and preparation of existing site conditions in order to construct a new loop road, major utility tunnel and new Co-Gen plant. Additional electrical scope is required at the existing generator building.
